Action	Points Acquired
Earning Hunt Dollars	1 point every hunt dollar earned
Obtaining <i>Soul Survivor</i> Card	50 points

21. Participants must show their mission summary screen on stream with the total number of hunt dollars acquired (middle right) and their *soul survivor* card (top) for reported points to officially count.
22. If a participant withdraws from the competition, at any time for any reason, their point total at the time they withdraw will remain their official score.
23. Participants may only report points between matches once they have exited a match and after they have shown their mission summary screen on stream.
24. If a participant disconnects, for any reason intentionally or unintentionally, during a match that match will not count.
25. The score entry system will be LOCKED AT EXACTLY 4 PM EST. No scores will be accepted after this time.

27. In the event of a tie (i.e two participants receiving the same score), then the participant who earned most hunt dollars will be declared the winner. If both participants earned the same amount of hunt dollars, then the participant who obtained the most *soul survivor* cards will be declared the winner. If both participants obtained an equal amount of *soul survivor* cards, then the participant who played the lowest number of rounds will be declared the winner. If all the preceding conditions are equal, then the participants shall be declared tied and will be awarded the same official standing.
